BHARATH

Software Developer

OBJECTIVE

As a dedicated MERN stack developer, I am eager to utilize my expertise in JavaScript, NodeJS, ReactJS, MongoDB, and MySQL to foster the growth of an innovative organization. My objective is to apply my technical knowledge to create scalable and efficient applications while continuously advancing my skills in full stack development.

KEYWORDS

- **Full Stack Development**
- **MERN Stack developer**
- **JAVASCRIPT**

CERTIFICATION

- Full stack in MERN stack
- Html5
- Css3
- Bootstrap
- Javascript
- ReactJS
- NodeJS
- MongoDB
- MySQL

PROJECTS

- **Chat Application**
  https://chatappfinal.netlify.app/
  I contributed to the development of a robust and user-friendly chat application by implementing both frontend and backend systems with modern technologies. This involved designing intuitive user interfaces, optimizing server-side functions for efficiency, and ensuring seamless integration between the two for a smooth user experience.
